OUR CLASS

David, our king, likes most to tease.
Barbara's as busy as a hive of bees.
At basketball Julyle is the shining light
But when it comes to books Gary's star
is bright.

Jackie organizes everything from parties
to fights
Barton is the class's mighty mite.

Annette is our queen in contest and studies
Sam likes test tubes so he and science
are buddies.

Annabelle always has plenty of jokes which
she likes to spring on unsuspecting folk.

Eddie's the artist, has a picture for every
occasion--

Maybe he'll make that his life's occupation

Janice sings, hulas, and taps.

Steven's a whiz at swinging that bat.

Bill always has plenty of stories to tell
Pat likes horses very well.

Kenneth is tall like a ten story structure
If he fell over he'd surely rupture.

Judy is the newest one

She's pretty and nice and full of fun.

My name is Frances,

I'm not much of a poet

If you didn't realize it before

By now you should know it.
